Tools: Git, **code reviews**, **documentation**, **accessibility**

PROFESSIONAL EXPERIENCE

Software Developer, IOCOD Infotech — Jan 2025 - Present · Kozhikode, Kerala

- Delivered customer-facing features for Easify, a business communications platform, maintaining production stability and supporting real business workflows across messaging, campaigns, and contact management.
- Implemented reusable, responsive dashboard and messaging **UI components** that improved maintainability and reduced duplicate code across the product.
- Collaborated with backend, product, and design teams to integrate front-end features with **REST** APIs, ensuring reliable data flows and smoother user interactions.
- Drove UI bug fixes and **performance** work as part of regular releases to improve load times and user experience.
- Followed Git workflows, participated in **code reviews**, and authored **documentation** to support team knowledge sharing and onboarding.

Web Developer Trainee, Skepper Creative Agency — Sep 2024 - Dec 2024 · Bangalore

- Built a dynamic web application using **React.js**, implementing responsive layouts and interactive **components** to improve user engagement.
- Developed landing pages with HTML5 and CSS3, focusing on **performance** and **cross-browser compatibility**.
- Integrated front-end functionality with back-end services to deliver complete website features as part of a small team.
- Improved code quality through **peer reviews**, writing clear **documentation**, and applying **accessibility** considerations during development.

PROJECTS

Easify (IOCOD Infotech) · Vue.**js**, Nuxt.js — Project Link

- Business communication platform for bulk SMS, calling, ringless voicemail and email outreach; built **responsive UI components** and dashboards for campaign management and messaging, integrating with **REST** APIs using Nuxt.**js**.

Brewyourbrand · **React.js**, **HTML**, **CSS** Project Link

- Live marketing website built with **React.js**, **HTML** and **CSS**; designed interactive **components** and responsive layouts, focusing on **performance**, **accessibility**, and **cross-browser compatibility**.

EDUCATION

B.Tech, Computer Science, Dhaanish Ahmed Institute of Technology Jan 2023 - Dec 2023 · Coimbatore
